

Teacher Training Program

Key Components of TTP 2016-17

1) Saturday Workshops - ASB will offer a day-long workshop to the participants on themes such as literacy, math, science, differentiation, and assessment. Additionally, we will run embedded strands on creating a positive classroom culture and understanding and supporting language learners in each workshop. After successful participation in the program, the participants will be awarded a certificate. These works will be conducted at American School of Bombay, Kurla Campus.

2) Teaching Materials and Support - ASB provides a packet of handouts, relevant online resources and suggested homework assignments to help participants understand the topic more deeply. It also facilitates reflective conversations among the participants so they can support each other in implementing the new ideas that they learn about.

3) Exposure to Teaching/Learning processes - TTP will offer planned exposure visits to ASB classrooms and to those of other partner organizations before five of the six sessions.

Program Duration: Six months
